

## Writing Sample and Reflection Prompt

**Provide a 1-2 page sample of your writing.** This can be an excerpt from a longer piece or something that was originally 1-2 pages.

**Write a 1-2 page reflection** responding to each of the following:

- Briefly contextualize your writing sample and its genre: Who was its intended audience? What was its purpose?
- How would you describe your writing process in creating this text? Was it typical of your approach to writing?
- How has your writing process and thinking about writing developed and changed? What resources or experiences have strengthened your writing? How might you anticipate sharing those resources/experiences with other students as a tutor?

Please provide your writing sample as it was originally written in whatever format that was. For your reflection on your sample, please follow the formatting guidelines of either APA or MLA regarding font, margins, line spacing, etc. You do not need to include a cover page.

Please attach your writing sample and reflection to your interview appointment in PDF format no later than 3:00 pm on the day preceding your scheduled interview time. If you have difficulties getting it attached or other questions, just reach out to us!
