MAKE A PREPAYMENT ONLINE

Why is prepayment required?

Prepayment is required when one of the following occurs:

1. You were administratively dropped from your courses for non-payment
2. You did not enroll in courses during the general registration period, and the tuition and fees due date has passed
3. **Note:** if you were administratively dropped, you will be required to pay the administrative drop fee of \$37.50 in addition to the tuition and fees. Only paying the administrative drop fee will NOT remove the prepayment hold

What if my account doesn't reflect any fees to pay?

- Since you are not currently enrolled in courses, tuition and fees will not appear on your student account or the payment site
- The process of prepayment is all manual, and this guide will walk you through how to make your payment

I am receiving financial aid; can I use those funds to prepay?

- Financial Aid can be used to remove the prepay hold if the following applies:
 1. The funds you are receiving are enough to cover the full tuition and fees
 2. The funds pay a portion of your tuition and fees, and you prepay the remaining balance
 3. You have no prior balances due on your student account. All prior balances must be paid in addition to the current semester prepayment before the hold will be removed

Can I still enroll in a payment plan?

- Students can prepay and enroll in a payment plan. The following must occur in this order before the prepayment hold is removed.
 1. You prepay the first installment (consists of the health services fee + 1/3 of tuition and fees)
 2. You email a request to be enrolled into a payment plan to sfs@csusb.edu

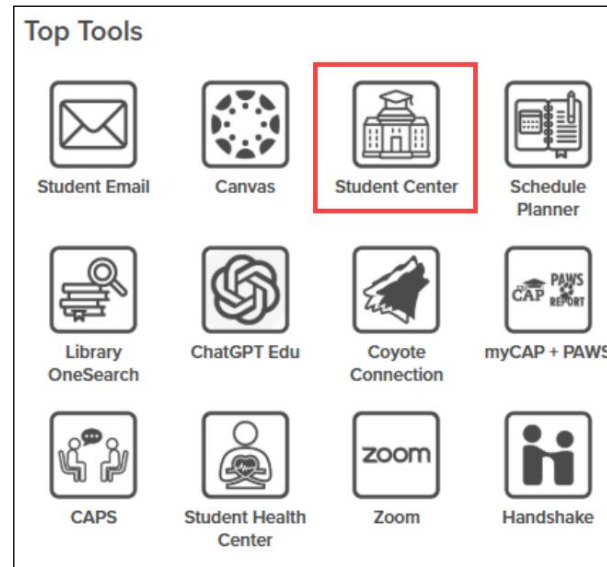

The hold has been removed but I'm still unable to register...

- The final step after prepayment is made, is to contact the Office of the Registrar at recordsinfo@csusb.edu or (909) 537-5200 and request to be term activated
- **Note:** check your to do lists/holds for any other holds that may be preventing you from registering, i.e., health services holds, advising, etc.

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after fees are initially charged or initial fee payments are made, to increase or modify any listed fees. All listed fees, other than mandatory systemwide fees, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 - 66028.6 of the Education Code).
