Why are my payment plan charges less than my total balance due?

- The student health services fee is not included in the payment plan
 - This fee is not health insurance and is a non-waivable fee
- This fee is paid by the tuition and fees due date
 - It will be due with either your third installment (5 installment payment plan) or first installment (3 installment payment plan)
- The final installment payment will include the \$33.00 enrollment fee

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after fees are initially charged or initial fee payments are made, to increase or modify any listed fees. All listed fees, other than mandatory systemwide fees, are subject to change without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees, the Chancellor, or the Presidents, as appropriate. Changes in mandatory systemwide fees will be made in accordance with the requirements of the Working Families Student Fee Transparency and Accountability Act (Sections 66028 - 66028.6 of the Education Code).
